FINANCIALS CUBE - UCMPlan

SUBMIT AN ANNUAL BUDGET REQUEST

Updated December 8, 2022
SUBMIT A GL TO GL REQUEST FOR THE ANNUAL BUDGET

UC Merced’s employees will use these steps to create and submit a GL to GL Request for the annual budget for approval. They will also check the approval status of the Budget Request.

Budget Requests are operational or line item requests for funds that allow planners to track budget enhancement or adjustments on top of the baseline budget. Campus Users, Campus Viewers, and FP&A are the roles involved in creating and managing Budget Requests in the Financials cube.

The tasks each role can perform are:

**Campus Users will be able to:**
- Create and submit GL to GL budget requests for approval
- View PPM budget requests

**Campus Viewers will have:**
- View-only access to budget requests

**FP&A users will be able to:**
- Create and approve GL to GL budget requests
- Create offset budget requests for PPM budget requests
- Create and approve PPM budget requests

To perform this task, log into UCMPLAN – the Oracle Planning & Budgeting (EPBCS) application

https://planning-a591502.pbc.us2.oraclecloud.com/HyperionPlanning

The menu path chosen is dependent on the UC Merced user role assigned:

**Campus Users:**
Tasks >> Budget Request - Campus User >> Manage Budget Request – Annual Budget >> Request for GL or Default Project to GL Project
Oracle UCMPlan – GL to GL Annual Budget Request Step-by-Step Guide

FP&A Users:
Tasks >> Budget Request - FPA User >> Manage Budget Request – Annual Budget >> Request for GL or Default Project to GL Project

System Steps:
1. Click the Tasks infolet

2. In the Tasks: All Task Lists page, click the triangle to expand the Budget Request – FPA User task
   a. Click the triangle to expand the Manage Budget Request – Annual Budget task
   b. Click the Request for GL or Default Project to GL Project task hyperlink

3. Click the Fund hyperlink.
4. Enter the fund number in the Search Fund field of the Select a Member page and press Enter on keyboard OR navigate through the fund groups to select the appropriate fund.
5. Click on the **Fund** and ensure the selection has the blue check mark active.

![Select a Member](image)

6. Click **OK**.

7. Click the **Right Arrow** to accept the fund change. If the fund field is yellow, the change has not been accepted.

![Request for GL or Default Project to GL Project](image)

8. Right click in an empty cell in the **Request for GL or Default Project to GL Project** page to view the **Actions** menu

   a. Click the **Create Decision Package by Fund** option
      
      i. If a Budget Request for the Fund already exists for the applicable Budgetary Org, use the existing Decision Package to add additional Budget Request lines and do not create a new Decision Package. If using a pre-existing Decision Package, continue to Step 8 below.
9. In the **BR_CreateRequestByFund** pop-up window, enter the following information as required (*mandatory data fields are indicated by an asterisk):

   a. **Requested Description:** enter a request description based on the UCM naming convention
      
      *Example:* 11.1.22_FY23 Budget Call Allocations
   
   b. **Requested By:** value defaults but can be changed if needed. Value should be the Source CCOA’s FIN/HR Unit. This may sometimes differ from FIN/HR unit of the person submitting the request.
      
      *Example 1:* Request submitted by staff in School of Engineering (E200000), however, funding source is a CCOA in the Provost Office (E101000). The “Requested By” field would reflect E101000-Provost Office.

10. Click the **Launch** button

11. In the **Information** pop-up window click the **OK** button
12. Back in the Request for GL or Default Project to GL Project page, the new budget request is created. Select the new budget request created and right click to view the Actions menu
   a. Select the Request Line option, and then select the Add Request Line option

13. On the blank left side of the Annual Budget Request GL to GL page, right click to view the Actions menu
   a. Click the Add Adjustment option
14. In the UCM_RS_CreateAdjReq pop-up window, enter the following information as required (*mandatory data fields are indicated by an asterisk):

**Note:** Source is where the budget is coming from, Target is where the budget is going to

a. **Amount:** enter the appropriate value for this annual budget request
b. **Source BudOrg:** enter the appropriate value for this annual budget request
c. **Source Project:** enter the appropriate value for this annual budget request
d. **Source Function:** enter the appropriate value for this annual budget request
e. **Source Program:** enter the appropriate value for this annual budget request
f. **Source Location:** enter the appropriate value for this annual budget request
g. **Source SubActivity:** enter the appropriate value for this annual budget request
h. **Source Account:** enter the appropriate value for this annual budget request
i. **Scenario:** enter the appropriate value for this annual budget request
   i. Users may select AB_OT.

j. **Target BudOrg:** enter the appropriate value for this annual budget request
k. **Target Project:** enter the appropriate value for this annual budget request
l. **Target Function:** enter the appropriate value for this annual budget request
m. **Target Program:** enter the appropriate value for this annual budget request
n. **Target Location:** enter the appropriate value for this annual budget request
o. **Target SubActivity:** enter the appropriate value for this annual budget request
p. **Target Account:** enter the appropriate value for this annual budget request

15. Click the **Launch** button
16. In the **Information** pop-up window click the **OK** button

![Image of Information pop-up window with OK button highlighted]

17. Back in the **Annual Budget Request GL to GL** page, click the **Save** button

**ATTACHMENTS**

Budget Requests must have a [Budget Request](#) form attached that includes all information noted on each tab.

20. Back in the **Request for GL or Default Project to GL Project** page, right click the new budget request number created to view the **Actions** menu

21. Select the **Attachments** option
22. In the Attachments pop-up window click the Browse button.

23. Select the file to be attached
24. Double-click the file name, which will bring you back to the Attachments window
25. Wait a few seconds for the Update button to appear in the window.
26. Once the Update button appears, click the Upload button
27. Click the Close button

28. Back in the Request for GL or Default Project to GL Project page, select the new budget request created and right click to view the Actions menu
   a. Select the Submit for Approval option
      i. Decision Packages will be submitted for approval once a week for review and approval by FP&A. This allows campus users to input Budget Request Lines in one Decision Package by Fund for their respective unit(s) in a consolidated approach. This streamlines budget review and approval process by FP&A. It also ensures UCMPLAN maintains its performance processing speeds for improved user experience.
29. In the UCM_Submit_Req_Push pop-up window, enter the following information as required (*mandatory data fields are indicated by an asterisk):

   a. **1:Comments:** enter the appropriate comments for the push request
      
      <Date of Submission_Source CCOA’s FIN/HR Unit_Description>

30. Click the **Launch** button

31. In the **Information** pop-up window click the **OK** button

32. Back in the **Request for GL or Default Project to GL Project** page, Select the new budget request created and notice the **Submitted for Approval Status** is changed to **Yes**; and the **Final Approval Status** is changed to **Under Review** for the budget request created and submitted.
33. Click the Close button

34. Back in the Tasks: All Task Lists page, click the triangle to expand the Budget Request – FPA User task
   a. Click the triangle to expand the Manage Budget Request – Annual Budget task
   b. Click the Workflow Status – Annual Budget task hyperlink

35. In the Workflow Status – Annual Budget page, select the new budget request created
   a. Review the budget created and notice the Final Approval Status is Under Review
   b. Users may return to this screen at any time to monitor the status of Decision Packages. Statuses include Under Review, Approved, and Rejected.

36. Click the Close button
